Everton Wolves J AFC Newsletter

President's message

by Charles Tibbitts

WE GOT THERE!

This off-season has been one for the memories, new registration system, COVID and Floods. The club has had it all in a amazing time to get to the start of games for 2022.

Yet, we have all done it and we have seen many innovations at The Den as we once again approach 300 registered players (over 290).

- A new Football Department
- New Registration system
- New Pillars & Values
- Kinderkick
- New Website

This weekend our Juniors kick off with carnivals with our U11Girls (Friday night) and U11(Saturday morning) playing at home. Friday will be big with both our U13Gs teams playing, as well so come down and see the future of girls AFL at Everton.

On Saturday we will have the last Kinderkick session which has been a big success for the Wolves and Auskick followed by the U11 Carnival and Mayne Tigers are playing at home all afternoon.

We finish off the weekend of footy with 3 home games on Sunday morning, U12 Div 4 (Everton/Wests merger team), U15 Girls and U14 Div 3.

It has been a big off season but we are back to footy. GO WOLVES!

DEVELOPMENT

Everton Wolves

Our Pillars

We RESPECT all members of the Everton Wolves community and those with whom we interact.

We are an INCLUSIVE club for all children who wish to play regardless of their level of ability, gender and background.

We are FAIR in providing equitable opportunities for all players to grow as footballers, team players and valuable members of the community.

We operate with INTEGRITY and are open and transparent with all decisions made for the operation of the club.

Our Foundations

Fun - Development - Positivity

Fun -

The aim is for all playing AFL at Everton to enjoy their time and to experience it primarily as a fun way to learn the game and be with others.

Development -

Everton is to be the primary destination for families and players who wish to develop their understanding, skills and awareness of what it means to be a part of a team and play AFL football. The club/team environments will always consider the physical, psychological, emotional, cognitive and social developmental needs of children.

Positivity -

The leaders of the Everton Wolves J AFL Club aim to ensure that the environment of the club is always a positive one. Regardless of a match's outcome, our coaches and officials will bring the best out of players by focusing on the learnings and improvements rather than the shortcomings or errors.

RESULTS & FIXTURES
